VOL. XVI NO. 4

NOVEMBER 4th, 1939

HAVE FUN ON ST. CATHERINE'S DAY.

There is an old musty tradition of procrastination here at Loyola, clinging to the Philosopher's concert. It has been unheard-of to begin preparing for one any earlier than three days before the event; and somehow the boys who are either Juniors or Alumni now, muddled through. They muddled through and the concert was usually funny--very funny. But this year we want to be huger and funnier than ever. If that desire is to be realized, the Juniors and Seniors will have to make a big spurt, starting today. Because it's November 4th today. Next Saturday, it will be November 10th. Do that twice more and the concert will be history. But in that time, the Juniors and Seniors can produce a mighty fine little review. We do not expect a spectacle like the musical comedies of the great Universities--we expect to have an evening of fun along the lines of former concerts, but better--always better.

The duty of the News--and it tries to fulfill this duty--is to voice the opinion of the Student body of Loyola. Since the Student body wants to enjoy a good entertainment on St. Catherine's day, the News may be justified in urging the Philosophers to hasten the preparation of their celebration for that day. The burden lies on each individual Philosopher, not only to get down to the Auditorium and work and practise for the concert, but to contribute ideas, plays, talent, and energy to the thing. It is not really a burden you know: it's as much fun making all the arrangements for the day, as it is putting the concert on and watching it.

So all you Juniors and Seniors be loyal Philosophers--get in touch with the committee in charge; once the material is ready they will give you things to do. The whole school is looking for a fun-fest that night of Friday November 24th. Make it a good one.

PLAYS NEXT FRIDAY

The first two plays for next Friday tell of saints and sinners. The third is the only professional comedy, and a timely one it is. **THE BOY COMES HOME** is, oddly enough about a boy who comes home from the war. His despotic uncle, a sheep in wolf's clothing, soon learns that the boy is a boy, no longer, and sheepishly doffs the wolfish front to display undisguised the fear of a lambkin. Considering all plays, we advisedly classify the night as a bit serious (an adjective synonymous with dull for the kiddies) so invitation are restricted to the students and their grown-up friends.

THE SODALITY

Look back! The month of October is by this time on its way into Eternity. Because of this month Sodalists should show a deep appreciation of, and devotion to, the Holy Rosary. Have YOU?

Our Sodality Accomplished something last month. We advertised the Missions by means of the bulletin board and prepared a generous spiritual bouquet for "The Missions". We slipped back somewhat on our attendance at Holy Communion and Mass on Saturday morning, but that will be remedied.

This is a month with a great incentive for renewed effort on the part of the Sodalists. It is the month of Holy Souls of Purgatory. They need our prayers so we'll pray for them. This is also the month for "OUR POOR". They need food and clothes.

K.B.S.

The prefect welcomed the High-School and College Sodality to the K.B.S. meeting.

He then called upon George Molina who spoke on Catholics in Mexico. He spoke very good English for his first year in Canada and Promises to become a splendid orator. The next speaker was Fonesca, and his subject: "Catholics in the United States."

The prefect called upon D. Will cock who spoke on stamp news.

FURORE IN JUNIOR CLASS

Chemistry and Philosophy classes in Junior were upset the other day by an unwelcome visitor in the person of a big tomcat. (He must have smelled a rat around somewhere)

Mr. Fuss after paying personal visits to every student, proceeded to curl himself up on a seat and go to sleep. The opinions voiced by the class were as follows:

Mr. Tomecko. "If he doesn't take notes he can't stay."

Father Bryan. "He's not the only one asleep."

Big Bill. "What an assistant he will be."

Bill Shore. "Why not use him as a catalyst."

Norris Burke. "If he misbehaves toss him out."

Ed Asselin. "Ask him if he can play football. I'm leading a dogs life."

Frank Kaine. "Who turned my biological specimen loose."

Art Welbourne. "He reminds me of my uncle flathead when he yawns."

Paul Quimet. "Boy, if only my car could purr like that cat."

Phily Teachers Lament.

I AM FEELING QUITE CONVERSIVE
AND MY REASONING DISCURSIVE
HAVE A FLAVOR OF SUBVERSIVE
PROPAGANDA.

WITH AN ARGUMENT PLATONIC
AND A LOGIC QUITE CYCLONIC
I BRING WISDOM SOLOMONIC
TO THE JUNIORS.

BY EXPRESSIONS THAT ARE PENSIVE
BUT NOT FULLY COMPREHENSIVE
THEY SEEM RATHER APPREHENSIVE
OF MY PRESENCE.

THEY ARE NEVER DISPUTATIOUS,
AND TO ME ARE NOT VEXATIOUS
NOR ENCLINED TO BE FLIRTATIOUS
WITH THEIR BOOKS.

SO THAT WHEN I SAY "PHILOSOPHIZE"
THEY MERELY STARE WITH VAPID EYES
AND SO I CAN BUT SYMPATHIZE
WITH THE JUNIORS.

...What boarders support the "open door" Policy? Or is it the "Open Window" Policy for Fresh Air?

...Who is the Indian on our football team named "Flying Wing"?

...Shoot the sherbert to me Herbert! Jim-jam jim! Ah zah zoo zay! Ah dig digga dig!

WELL A WRIGHT!

From the definition it is clear that the range of man's Rational Appetite is co-extensive with that of the intellect.

AS WE SEE IT.....by the Quints

George Morley, when discussing possible jobs for the future, fumed at the prospect of entering the granary business; maybe it was Pete Shaughnessy's influence ...or something.

"Pop" Woods, always willing to do anything for a laugh, came out with the best false-face on Halloween.

"Chet" Langan and his super-charger has been noticed arriving just before nine every morning. Chet has reversed the old proverb of "a stitch in time saves nine". to "a mile a minute beats nine".

"Punchy" McNally seems well on the way to recovery according to recent reports. A lot of the fellows have been down to see him including his ex-trainer "Potty" McDot.

It has been reported that a mutual assistance pact between "Hoik" Brown and Tom Davis has been signed, in which each will respect the territorial rights of the other. "Hoik" and his power politics earn him the title of a second Hitler. The result of this treaty worked to great advantage on Halloween when Teddy McNicholl was the victim of a surprise attack. Pop Woods frowning upon this injustice is devoting himself to patching up existing differences between Pete Shaughnessy and George Morley in order to cesure their assistance against the axis powers.

STOP PRESS NEWS!!!

Some keen mind in the College has offered an explanation for Paul Ouimet's "rattlin" good car. "There must be a screw loose somewhere.

LOYOLA SWAMP C.H.S.

In a blaze of triumph the Seniors showed superiority in the Catholic League by nicely shell-lacking Catholic High. A well-timed beating of D'Arcy McGee by St. Leo's has put things just as we want them, for now Loyola is in first place and only needs to trounce St. Leo's Sunday for the championship, and then West Hill. Stars in Sunday's game were found nowhere as every man stood out. They played as smart as an all-star team.

Bob Haynes opened the scoring on a nice plunge. Soon after Eddie Emburg blocked a pass and, with both teams running behind him, trotted 75 yards for a touch. Manuel converted. In the second half, Jake Warren's long passes worked wonders; Frank Davis grabbed a 35 yard heave behind the line for a third major; Manuel again converted. Lastly, Pete Shaughnessy scored on an end run from 10 yards out and old faithful Manuel again shot the ball between the posts.

JUNIORS SCORE DOUBLE VICTORY.

The Juniors, after winning two of their three games for league championship, and well on the way to victory, face their crucial game Sunday against McGee. Turning back, Daniel O'Connell 11-0; thanks to Captain "Red" Seasons, Dohn and McEachern, the Juniors returned to the gridiron to hand C.H.S. a 10-6 defeat due to the fine football displayed by "GUS" Molina and Roy Dohn. Sunday's game means the CHAMPIONSHIP for Loyola or McGee, let's bring it to Loyola by turning out for the game.

~ Loyola near titles ~

Heavy artillery bombardment along Loyola's major football fronts resulted in victories last week.

The College team eliminated Bishop's College from the league race by 2-0, on a Loyola field, while the High School drubbed Catholic High 23-1.

This is a Loyola year. The College has but to tie this Saturday to assure themselves of a championship. The High School Seniors, aided and abetted by St. Leo's Academy, who this week took McGee under a 12-0 count, meet this same St. Leo's team this Sunday to determine the League champion.

True it has been a great year so far. But there are some very important games coming up this week-end. The College plays Macdonald at St. Anne de Bellevue; this game should clinch things in the College loop, if you lend your support. As we said before, Loyola has the chance to win her first City High School championship in years, next Sunday. Here is one Game it is your duty to support. Never in Loyola's history has she had as scrappy a bunch of High School gridmen as she has this year. This goes for all Loyola High School teams as well.

Take it from your reporter, the College is mighty proud of you and there are many admiring glances thrown your way by upper classmen who can appreciate real football timber as well as real manly spirit out there on the gridiron.

College Team!!!! Loyola awaits your victory. Fight hard and take it home.

High School Team!!!! Opportunity knocks but once. Here's your chance. Go forth and bring back to Loyola her first league title in years.

BISHOPS AT LOYOLA

"Snow' good, say Bishops, these guys Asselin, Thoms, and St. Arnaud are just too good for us." Thus speaking they went down under Maroon and White kicking, plunging and tackling 2-0, to allow Loyola to take the lead in their section and to insure a very promising championship position.

It was four straight for the Maroon and White as "Brawler" Asselin hit the pay-dirt for two rouges. This gives Loyola a total of five points for their last two games, which is very good when one considers how injuries and....ahem...you know, have riddled the squad.

the Bishops team, by the way, was one of the scrappiest seen around here in years. Their line was exceptionally good, and this combined with clean, hard fighting all the way, made them a veritable opponent indeed.

It was the last appearance on home soil for a lot of our Seniors Loyola through the "New" would like to pay tribute to each and every one of them for the grand manner in which they have carried the Loyola banner.

To Dick Pare, Roy Thoms, Angus Macdougall, Bill Rowe, John Doyle, Ben Veillieux, and Phil Shaughnessy, Walter Wadey, and Clarence Maguire, we offer congratulations for your great success and for the efficient way in which you accomplished it.

SCIENTIFIC SOCIETY

Our first meeting of the year---held on October 30---was a most informal affair.

A very interesting and highly instructive lecture on Asbestos and the Asbestos mines of the Eastern Townships, delivered by Pierre Senecal, was followed by a friendly discussion in which Messrs Cavanagh and Tomecko willingly took part, answering complacently along with the lecturer, the numerous questions put up by the audience.

If I may judge by the remarks heard at the dismissal of the assembly, everyone was satisfied. One thing was regretted however; only ten members of the society were present. We are very sorry for those who cannot attend our meetings and still more sorry for those who deliberately neglect to profit by such Opportunities of advancement as our lectures and discussions offer them.
